The Want of a Hellable Diurette,
Which, while acting as a stimulant of the
hidneys, neither excites nor irritates them,
was long since supplied by Hostetter's
Stomach Bitters. This fine medicine exerts
the requisite degree of stimulation upon
these organs, without producing irritation,
and is, therefore, far better adapted for the
purpose than unmedicated excitants often
resorted to. Dyspepsia, fever and ague, and
hindred diseases, are all cured by it.
